

# Leadership Quest

**Level 7 Challenge**

Before you are a leader, success is all about growing yourself. When you become a leader, success is all about growing others.

-Jack Welch

# Think *you* have what it takes? Here's what to do...

You will create *something* that includes all of the following items in it.

When all items are completed, turn it in ASAP!

1. **Define “Leader”** - Find the quote about being a “leader” in my room. Write it down and tell me what it means to you.
2. **Grades** - When all of your current quarter’s overall class grades are a B+ or above, take a screenshot, and add it to your Quest.
3. **Act** - Do what leaders do, and act! What is something that could use a leader to step in and help out with? Could you help and inspire students who are not doing too well in “Become the President” to get more involved? Is there something the school is lacking, that you have an idea for that could help? Be creative, and find something you can do to help others. Explain what you have done when you have acted!
